

Advanced Billing for Skilled Nursing Facilities (SNFs)

This 3-day workshop offers comprehensive SNF Advanced Billing training that will help you successfully submit and receive payment for **atypical claims** such as, Medicare Secondary Payer, Medicare Advantage, HMO, ACO, Bundled Payment, and Insurance.

Polaris Group, with over 27 years of hands-on experience, provides expert training and review of the atypical claims process. Polaris Group's LTC Training Institute – **Advanced Billing for SNF's** workshop will cover numerous topics including creation of compliant claims for complex billing situations, problem solving for atypical claims, ICD-10-CM and claim, and QA oversight of your Business

Office. Sessions include an overview of current MAC claim issues, and a look at the various government audit agencies and how to reduce your risk for audit and denials.

Attendees will receive a comprehensive training manual that can be used as a resource in your facility as well as a CD with forms and procedures which allows for customization to fit your operational needs.

We provide a unique “how to” approach to our training. Small class size enables all participants the chance to interact and to get answers to those questions surrounding the atypical claims process. The workshop will provide Billers with the tools they will need to ensure timely revenue and manage the complexities of Medicare compliance in the ever-changing billing environment.

Who should attend?

- Business Office Manager
- Billers
- Billing Director
- Accounting Director
- CFO
- Reimbursement Specialist

****Attendees should have basic claims processing experience and desire further training on more difficult, atypical claims and denial concerns.**

Why THIS training is one of the best investments you can make this year!!

- **Practical Experience** – Attendees leave with a comprehensive understanding and working knowledge of Medicare billing.
- **Intensive learning format** – After reviewing the regulations, we then provide interpretation of those rules and provide detailed, step-by-step methods for implementation including needed procedures/forms that ensure compliance or optimal revenue.
- **Small class size** – With a smaller group, more interactive activities are provided with all questions answered to ensure optimal learning experience.
- **Program manual and CD** – Each attendee receives a comprehensive training manual which includes all training materials, small group activities, and sample procedures and forms. In addition, forms and procedures are provided on CD which can be implemented in your facility.
- **Create your own personal “to do” list** – For each covered area, we will work together to identify areas for improvement needed in your SNF. You can then create a priority “to do” list to take back to your facility to implement.
- **Expert assistance with resolving “real” claim issues** – Hands-on assistance from one of our Medicare Billing Professionals with processing your “problem” claims. We will utilize our secure software to access FISS to help you solve up to 3 issues, or review 3 UB-04s that you are having difficulty getting resolved. We can help you get paid!
- **Polaris Group experience** – Polaris Group has been an established expert in Medicare compliance and billing with best practices for over 27 years.
